Call for Abstracts Submission Checklist

This checklist outlines everything you will need to submit an abstract for Quality Forum 2025 – please review it carefully before entering the online submission portal.

- Abstract Category**
Review the [scoring and selection criteria](#) for both abstract categories – outcomes and ideas – and decide what category your abstract(s) are best suited for.
- Speaker Information**
Determine who will be joining you at Quality Forum 2025 to present your abstract. You can list a maximum of two co-speakers, in addition to yourself. Please ensure you have the name, email address, title and organization for each speaker. *All rapid fire and storyboard speakers are responsible for their own registration, travel and accommodation costs.*
- Abstract**
Write an abstract (maximum 300 words) on improving quality of care. We recommend you review the scoring and selection criteria for your abstract category to ensure you include all the relevant information we need when evaluating your submission.
- Abstract Title**
Develop a concise and descriptive abstract title (maximum 12 words). This is how your abstract will be listed in all event materials.
- Key Words**
Identify three key words that reflect the focus of your abstract. We use these key words when building the Quality Forum program to help ensure that abstracts on similar topics are grouped together.
- Presentation Format**
Decide which [presentation format](#) (rapid fire, storyboard, or both!) you want your abstract to be considered for. We encourage you to select all presentation formats that you are interested in – not just your top choice! – to increase your chances of being accepted.
- Disclosure Form**
Complete a [UBC CPD disclosure form](#) for each speaker listed on your abstract. You will be required to upload these files before submitting your abstract.

You're now ready to submit an abstract for Quality Forum 2025! [Visit our website](#) to find the online submission form for each abstract category – you're welcome to submit as many abstracts as you'd like.

SUBMISSION DEADLINE: SEPTEMBER 6, 2024
